

PhD Opportunities in Computer Science

Join a department with world leading research groups in

- **Bioinformatics and Systems Biology**
- **Cognitive and Autonomous Agents**
- **Combinatorial Algorithms**
(including fixed-parameter algorithms)
- **Compilers and Language Design**
- **Computational Logic**
- **Machine Learning**
- **Constraint Satisfaction**
- **Graph Theory and Algorithms**

Bursaries, Scholarships and Teaching Assistantships are available for suitable candidates.

For more details please visit: www.cs.rhul.ac.uk/Studying/pg

Royal Holloway
University of London
